

REVOLUTION COMPACT

SELF-SERVICE LAUNDRY
MADE EASY FOR ALL

THE REVOLUTION CONCEPT, LAUNDRY AS SIMPLE AS SHOPPING

24
7

100% SELF-SERVICE LAUNDERETTE

A fully plug and play open **laundrette** available **24/7**. It is delivered **fully assembled** and can be installed in just a few hours.

.18 KG

PROFESSIONAL MACHINES

Equipped with **high-capacity washing and drying machines** (8, 18 and 18KG), it is ideal for cleaning **large or heavy loads** such as doonas, blankets and pillows... in a record time of **30 minutes** per washing cycle. This is ideal to combine shopping and the weekly laundry!

ECO-FRIENDLY LAUNDERETTE

The Revolution Compact **only requires 16KW!** The boiler only heats the water when the dryer is not in operation, and **reduces power consumption**. As well as the **LED lights** which use less energy than standard lighting. Moreover, the built-in liquid pumps provide the ideal quantity of detergent and softener for each washing cycle and **reduce waste**.

USER-FRIENDLY SERVICE

The highly concentrated washing liquid is **free of phosphates, colouring agents, preservatives** and is included in the final price. The softener is optional and can be selected by the user. Thanks to the high speed spin cycle, the laundry has **only 50% humidity** compared to the normal washing machine which leaves 80%. This insures **quicker drying time and ease of handling**.

DISABLED ACCESS

Accessibility for our disabled customers has been a priority in the design of this Revolution Compact from the start. The machines and touchpads are at the legally required height, thus combining a beautiful design with **easy access for all our customers**.

WHY WOULD YOU CHOOSE REVOLUTION LAUNDRY?

- Offer an **additional service** to your customers
- Propose an **innovative concept** to attract potential customers
- Generate an **additional footfall**
- Increase** the in-store time
- Less than 5m²** floor space required for the Revolution Compact

WHY WILL YOUR CUSTOMERS USE IT?

- No 18kg machines at home: **only way to clean big items**
- Professional** machines for **affordable** prices
- Convenient** location
- Easy** parking
- Multiple payment** options
- SMS alert** (optional)
